LE, TAN

ART UNIT PAPER NUMBER

3632

DATE MAILED: 09/13/2005

Please find below and/or attached an Office communication concerning this application or proceeding.

1. Notice of Non-Responsive amendment:

The reply filed on 6/22/05 is not deemed fully responsive to the prior Office Action because of the following omissions or matters:

Applicant's arguments do not comply with 37 CFR 1.111(c) because they do not clearly point out the patentable novelty which he or she thinks the claims present in view of the state of the art disclosed by the references cited or the objections made. Further, they do not show how the amendments avoid such references or objections.

Newly added claim also does not appear to be limited to correcting the informalities present in the original claims. The claims may be amended by presenting new claims or by rewriting particular claims as indicated in 37 CFR 1.121(c). However, the requirements of 37 CFR 1.111(b) must be complied with by pointing out the specific distinctions believed to render the claims patentable over the references in presenting arguments in support of new claims and amendments. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, but through an apparent oversight or inadvertence failed to provide complete response, applicant is required to complete the response within a time limit of **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. **EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).**

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Tan Le whose telephone number is (571) 272-6818. The examiner can normally be reached on Mon. through Fri. from 9:00 AM-6:00 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Robert P. Olszewski can be reached on (571) 272-6788. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
